education

- 2010–Now **MEng Computer Science** 4th year in progress University of Southampton
4th year in progress. Averaging 2.1
Modules include:
- Advanced Programming 72%
 - Data Structure & Algorithms 70%
 - Software Engineering 76%
 - Compiler Engineering 77%
- 2008–2010 **A-Levels** Bournemouth School
Subjects include:
- Maths A
 - Design Technology A*
 - Information Technology A
 - Physics A (AS)
- 2003–2008 **GCSE** Bournemouth School
10 A grade GCSEs (inc Maths and English), A* in Physics

experience

- 2013 **Micro Focus** Newbury, West Berkshire
Summer Intern
Worked in a Agile team to build a new version of one of the company's existing tools. Development included making use of continuous integration systems, automated UI testing and unit tests.
- 2006–2010 **Chuey Yuen Chinese Takeaway** Bournemouth, Dorset
Kitchen Staff
I worked taking customer orders and managing the logistics for deliveries so that targets are met. Job also included packaging and delivering orders.
- 2007 **EZ Computers** Bournemouth, Dorset
Computer Repair and Builds
Computers issues were diagnosed and then resolved. In addition, my work included constructing computers from components to a customer's specification.

additional positions

- 2012–2013 **Paintball and Airsoft Club Social Secretary** University of Southampton
Organisation of social events for the club. Management of club kit.
- 2011–2012 **Airsoft Society President** University of Southampton
Planning and organisation of club activities.

skills

- *Computing* - Proficient in Java. Experience in C, Python and SQL.
- *Team Working* - Shown from my success at the Extreme Engineering Challenge (group technology competition) and the Software Engineering Group Project at university.
- *Time Management* - I actively run the university Airsoft Society along side my studies.

- *Adaptive* - I am able to quickly adjust to different work environments and handle multiple roles.

interests

professional: mobile applications, web applications, software design, REST web services, social tv, smart home systems, **personal:** piano, badminton, squash, photography, running
